From Principal's Desk

This edition is dedicated to teacher training and professional development. As educators, we understand the paramount importance of continuous learning and growth in the field of education. We embark on a journey to explore the myriad facets of ToT, uncovering insights, strategies, and practices that propel our educators toward excellence. At the heart of effective teaching lies a commitment to growth and adaptation, and it is within these pages that we discover the tools to facilitate such progress.

Amidst the ever-evolving landscape of education, it is imperative that our lecturers are equipped with the skills and knowledge necessary to navigate its complexities adeptly.

From innovative pedagogical approaches to harnessing the power of technology in the classroom, ToT serves as a

As we delve into the rich tapestry of teacher training, let us reaffirm our commitment to providing our educators with the support and resources they need to flourish. Together, let us cultivate a culture of lifelong learning and empowerment, where every teacher has the opportunity to realize their full potential and, in turn, inspire the minds of tomorrow.

Thank you for embarking on this journey with us.

Best Wishes,

Dr.D.Uma Rani
Principal

About the Programme

Data Science Lifecycle revolves around the use of machine learning and different analytical strategies to produce insights and predictions from information in order to acquire a commercial enterprise objective. The complete method includes a number of steps like data cleaning, preparation, modelling, model evaluation, etc. It is a lengthy procedure and may additionally take quite a few months to complete. So, it is very essential to have a generic structure to observe for each and every hassle at hand.

Registration Process & Instructions to the Participants

Note: No Registration Fee .

Submission of feedback is Compulsory to get e-certificate for participation.

Spot registration is available to National Webinar.
