టీచర్ @ ఎకో స్టార్ కుండీ

లక్ష్మీదేవికి పాఠశాల ప్రయోగాల్లో ఉపయోగం ఉంది. క్లాసులో పాఠశాలలో పాఠశాల ప్రయోగాలను చేయించారు. మొక్క కోసం నేలకు వాని తలపెడితే ఎలా? అందుకే నేలకు మేలు చేసే పూల కుండీ చేశారు. ఆ.. ఎకో స్టార్ పూల కుండీ... అంతర్జాతీయ సదస్సులో ప్రదర్శించ కానుంది.

'టీచర్ ఉద్యోగం ఒక వరం. దేవుడివైన ఈ అవకాశానికి నూటికి నూరు పాళ్లు న్యాయం చేయాలనేది నా ఆశయం' అన్నారు కొలాబి లక్ష్మీదేవి. ఆమె పుట్టింది, పెరిగింది మచిలీ పట్టణంలో. ఎమ్ఎస్సీ బీఈడీ చేసి 1995లో కీవీసీ సెల్లెన్లో ఉద్యోగం తెచ్చుకున్నారు. తొలి పోస్టింగ్ కృష్ణాజిల్లా, సుల్తానపేట రంలో. ఆపట్ల నుంచి మొదలైనామె విజ్ఞాన దానయజ్ఞం. ప్రాథమిక పాఠశాల విద్యార్థులకు పాఠ్యాంశాల్లో ఉన్న విషయాలను ప్రయోగాత్మకంగా చేసి చూపించడంలో మొదలైనామె యజ్ఞం. పచ్చని తర్వాత పెద్దప మండలం చెన్నూరు ఉన్నట్లో మరో స్కూల్లోకి హెచ్ఎస్ఎస్గా బదిలీ. ఆ సంతోషం ఆ స్కూల్లోకి వెళ్లి వరలో పదిహేనునుండి పిల్లలన్న స్కూల్లో ఆది. ఆలోచన చేసి లేస్తే ఇద్దరు బీచ్ల స్కూల్లో ఒక పోస్ట్ గ్రాడ్యుయేట్ పరిస్థితి. ఇంటింటికి వెళ్లి 'మీ పిల్లలను ప్రభుత్వ పాఠశాలకు పంపించండి. మంచి విద్యనందిస్తారు. మా మీద నమ్మకం ఉంచండి' అని నచ్చకెక్కి వేసి

రోలిమెంట్ 45కి పెంచారు. సైన్స్ ప్రాజెక్టులు చేయించడం ద్వారా విద్యార్థుల్లో ఉత్సాహాన్ని కలిగిస్తూ పాఠశాల పిల్లలను ఆయస్కాంతంలా ఆకర్షించేటట్లు చేశారు. ఆ తర్వాత చెన్నూరు జిల్లా పరిషత్ స్కూల్లో పనిచేస్తున్న సుబి పెద్ద తరగతులకు పాఠం చెప్పే అవకాశం రావడంతో మరింత విస్తృతంగా ప్రయోగాలు మొదలుపెట్టారు. వందకు పైగా ప్రయోగాలు చేసిన ఆమె ప్రయోగాల్లో ఎకో స్టార్ పూల కుండీ ప్రయోగం అంతర్జాతీయ స్థాయికి చేరింది. ఈ నెల 18 నుంచి 18 వరకు ఆమె విద్యార్థులు మణికండ, వినయ కుమార్ల యూఎస్లోని టెక్సాస్ రాష్ట్రం, డల్లాస్ నగరంలో జరిగే ఐఎస్ఈఎస్ ఇంటర్నేషనల్ సైన్స్ అండ్ ఇంజనీరింగ్ ఫెయిర్లో 'స్టార్ సాల్యూషన్ ఫర్ ఎకో పాల్యూషన్' పేరుతో ఈ ప్రయోగాన్ని ప్రదర్శించనున్నారు. తన ప్రయోగాల పరంపరను సాక్షిలో చంచుకున్నారు లక్ష్మీదేవి.

పూల కుండీ ప్రయోగాల్లో ఖైరీద నీటిని తల్లి చేసి కుండ కూడా ముఖ్యమైనది. మట్టిలో తులసి, ముసగ అకులు కలిపి చేశామి. ఖైరీద 3.5 మీటర్లు ఉన్న నీటిలో అడవుల్లో దొరికి దొంగలబతు వేసి హార్వెస్ట్ తగ్గించిన తరువాత ఆ నీటిని నేను చేసిన కుండలో తోసి ఆరు గంటల తర్వాత టెస్ట్ చేస్తే కీవీఎమ్ 1.5 వచ్చింది. ఈ కుండలో తల్లి అయిన నీటి కీవీఎస్ పాఠాంశ స్థాయిల్లో ఉండడమే కాదు నీటిలో ఉండాలైన కంటాజియన్స్ అన్ని ఉన్నట్లు నిర్ధారణ అయింది. ఈ ప్రయోగాన్ని మిలిస్ట్ అఫ్ ఇన్వోవేటివ్ అండ్ ఎడ్యుకేషన్ నెట్వర్క్లో ప్రదర్శించారు. 18 ఇంటి తరగతుల్లో ప్రదర్శించారు. 18 ఇంటి తరగతుల్లో ప్రదర్శించారు. 18 ఇంటి తరగతుల్లో ప్రదర్శించారు. 18 ఇంటి తరగతుల్లో ప్రదర్శించారు.

About the College

Govt. Degree College, Avaniigadda was started in the year 1977, to uplift the living conditions of Diviseema, an interior coastal region of Andhra Pradesh where the lives of the people are much dependent on the mercy of nature to a maximum extent. The college was born when Sri.M.V.Krishna Rao, who was a son of the soil had become Education Minister of Andhra Pradesh, and used his good offices to establish a college in Avaniigadda, a place which has access to all corners of Diviseema. The college was started with Arts and Commerce courses and further expanded with the introduction of science courses in the year 2001. As a result of a continuous striving for excellence by the faculty of science departments, Physics Club was established in 2021 in the college with a goal to achieve sustainable development with a greater pace.

The College works with a vision to provide holistic education that makes the Island Area, a land of law-abiding citizens that respects the sovereignty of the state and ready to serve the country, to protect national integration and to respect the diversity in culture and ecosystem displaying scientific temperament and unified work and with a mission to impact holistic education by identifying and expiring its core components, to inculcate moral values, legal awareness in the students and to create awareness of the need to protect the environment especially the rich and diverse ecosystem of the Island area.

In order to realise these, the Department of Physics has been putting forward the best of its efforts with unified contribution from the frequently and the students.

About the Department

The department is flourished with three faculty members. Dr.P.B.Sandhya Sri, incharge HoD having 19 years of research and 10 years of project guidance experience, acted as jury at national level. She was appointed as mentor for INSPIRE project guide teachers in 2016 by SCERT. Second member Dr.Y.N.Ch.Ravibabu has an excellent research profile with his publications in reputed international journals. Last member Smt.G.Jyothirmai has also a significant research profile with her interenational publications at M.Phil level itself. It has its own significance with its activities and in organising club (PAGE – Physics Club, Avaniigadda, GDC for Excellence).

About APCOST

The Government of Andhra Pradesh established the Andhra Pradesh State Council of Science & Technology (APCOST) during the year 1986 to recognize the importance of Science & Technology for the overall Socio-economic development of State. It is acting as a focal forum to inculcate scientific temper for attaining new heights in research and development for welfare of masses and to improve the quality of their life as well as to solve important issues of socio-economic development of the state by acting as organic link between science, technology and economy. APCOST is identifying the areas where Science & Technology can be applied for development activities and to achieve goals of the State, with a particular emphasis to eliminate poverty, unemployment.

Funding:
APCOST sanctioned fund of Rs.17, 500/- for the celebrations of National Science Day 2022

About the Programme

February 28th is recognised as National Science Day since 1987 to stimulate, encourage and recognize outstanding efforts in the area of science and technology communication and popularization as well as inculcate scientific temper among masses to mark the discovery of Raman Effect on the request of National Council for Science & Technology in 1986. This year's theme is "The Future of STI".

1. Project Competition for high school students

Topic: Choice of participants

*** A 3 minutes video will be sent to the given mail with explanation of their exhibit.

ANDHRA PRADESH STATE COUNCIL OF SCIENCE AND TECHNOLOGY (APCOST)

REPORT

February 28th is recognized as National Science Day since 1987 to stimulate, encourage and recognize outstanding efforts in the area of science and technology communication and popularization as well as inculcate scientific temper among masses to mark the discovery of Raman Effect on the request of National Council for Science & Technology in 1986. Since 1999, a theme is being launched every year. This year Union Minister of State for Science and Technology (S&T) Dr Jitendra Singh launched the theme “The Future of STI (Science, Technology and Innovation). As a part of this, the Physics club of GDC, Avanigadda, is organizing various competitions to school, Junior college and UG & PG students in online mode because of covid restrictions.

Schedule of the Competitions

For all competitions, a Google link was shared to register their names and to upload their project video/ essay document/ poster/ PPT/ speech. As project competition was announced to school age children we didn't confine them for a particular topic. The reason for offering this competition particularly for school children is to inculcate scientific temper and research attitude at early age itself. We know the saying “Mokky vanganidi Maany Vanguna?” A student without having any idea about making a project, he can't perform well at his project at his higher studies. The country is waiting for innovative solutions for problems arising in the present scenario. Hence, PAGE has made an attempt to motivate school children toward research for solving the problems.

- ❖ We have given call for essay writing only for junior college students. The reason is, at school level too many programs like inspire, jmnms, NCSC etc. are there. At the same time at UG level some organizations like IAPT is conducting project competitions, physics Olympiad etc. But at intermediate level no significant program is not there. So we have started with this to tune them.
- ❖ UG and PG students have maturity of mind and, they are technically sound as well as capable of analysing a problem. So we have conducted PPT, elocution and poster presentation competitions to them.

Evaluation process was done by efficient jury members.

We have taken the support of Mr.K.Kishan Chand garu and S.Naga Candra Sekhar faculty of Computer Science of Bapatla Engineering College, Bapatla for project evaluation process. We received 54 entries for all the events from Jharkhand, Haryana and Andhra University Engineering College, Krishna University Dr.M.R.Appa Rao and other UG colleges of various districts of Andhra Pradesh.

All the winners were invited to the day of celebration i.e. on 26th February 2022 through [You tube link](#). A program was arranged @11.00am under the able chairmanship of our Principal Dr.D.Umarani and with most apted chief guest Dr.Y.Aparna, Member Secretary, APCOST, Regional Science Centre, Vijayawada.

The principal Dr.D.Umarani appreciated the efforts of Department of Physics as well as PAGE and encouraged the club members to continue the tradition forever and ever.

The chief guest Dr.Y.Aparna garu, who has sanctioned the fund for these celebrations, appreciated the student members of PAGE for organising a national program in this interior place in a successful way. She told that it is possible only with support of Principal having a zeal to develop the institution. She advised students to utilize the services and talents of faculty. She promised to support the college to conduct quality programs like project exhibitions etc. She expressed her opinion in her

speech that she was expecting innovative projects from PAGE and place the best project in APCOST on the name of GDC,Avanigadda for a state level exposure of the college. She blessed the students that not to stop at state level and to national and international levels.

Finally, she ablaused the faculty of Department of Physics for coordinating both administrative authorities for providing all facilities as well as for motivating students for giving cooperation for successful completion of the program.

Dr.P.B.Sandhya Sri, Convener of the program, In-charge HoD of Physics Department offered her heartfelt thanks to APCOST for their financial support, the Principal &IQAC Coordinator, faculty of the department especially club members for organising the program in an effective way. She has given assurance to place on the behalf of GDC,Avanigadda a project at APCOST.

The list prizes were announced by Physics faculty member Dr.Y.N.Ch.Ravi Babu and a formal vote of thanks was offered by Smt. G.Jyothirmai. The program was ended with National Anthem.

HISTORY OF LIC IN INDIA

LIC stands for Life Insurance Corporation of India. It started its operations as a corporate firm in September 1956 after the Life Insurance of India Act was passed by India's Parliament in June 1956. The LIC Act came into effect from July 1956. It helped in the nationalization of the private insurance industry in India. LIC of India was formed by merging 154 life insurance companies, 16 foreign companies and 75 provident companies. It is one of the largest financial institutions in India. It has an asset value of over 2,529,390 crores. The headquarters of LIC is in Mumbai, Maharashtra.

The main slogan of LIC is- "Yogakshemam Vahamyaham" meaning "Your welfare is our responsibility". It is in Sanskrit and is obtained from the 22nd verse of the Bhagavad Gita's 9th chapter. The chairman of Life Insurance of India is Mr M.R Kumar.

Role of LIC in Indian Economy

LIC is known as India's largest government-owned life insurance and investment corporation. The main role of LIC is to invest in global financial markets and different government securities after gathering funds from people through their various life insurance policies. At least 75% of these gathered funds are to be invested in Central and State Government securities, as stated by one of the LIC rules.

Functions of LIC

The major functions of LIC are as follows:-

Collect people's savings in exchange for an insurance policy and promote savings in the country.

Protect the capital of the people by investing funds into government securities.

Issue insurance policies at affordable rates

Provide various loans like direct loans to industries, housing loans, loans to various national projects at reasonable interest rates.

Objectives of LIC

LIC aims to spread awareness about the importance of life insurance among people living in rural areas and people who are a part of socially and economically backward classes.

It aims to meet several life insurance needs of the community people who are subjected to change with the changing social and economic environment.

It aims to conduct business economically while taking into consideration that the money belongs to the policyholders.

It aims to maximize the mobility of people's savings through attractive insurance-linked savings.

It aims in providing utmost job satisfaction to all the agents and employees of the corporation and promotes building a co-operative work environment to deliver efficient service with courtesy to its insured public.

It aims to deploy the funds to the best advantage of the investors and the community as well.

Types of LIC Life Insurance Plans

LIC provides numerous schemes to its policyholders. It offers different schemes for different categories and segments of the Indian economy. It is the largest insurance policy company in terms of the number of policies it has issued to date.

Some of the policies are as follows:-

LIC's Jeevan Pragati

LIC's Jeevan Labh

LIC's Single Premium Endowment Plan

LIC'S Jeevan Lakshya

What are the Basic Policies of the Life Insurance Corporation of India?

The basic policies in Life Insurance Corporation of India (LIC) are term insurance, cash value insurance, straight life insurance, and limited payment life insurance. The details of each of these policies are given below:

Term insurance: This insurance is like an insurance protection contract, similar to auto insurance, home insurance, or health insurance. Therefore, it ensures the individual against any risk of financial loss in case of death and does not include any savings plan. In this insurance policy, the owner buys a fixed amount of coverage and pays an annual premium based on their age. The policy is for a fixed period of time and thus the coverage stops if it is not renewed. These policies are available for five years, ten years or fifteen years where the amount of premium to be paid remains constant. The life insurance can also be purchased with a condition of 65 years of age, that is, the insured does not become 65 years of age and in this case, the amount of premium to be paid increases annually. There is decreasing term life insurance also available wherein the coverage of the insurance decreases with time so that the annual premium to be paid remains constant. Term insurances provide maximum coverage to the premium spent.

Cash value insurance: In this kind of policy, the amount of actual insurance decreases over time and the savings component of the policy increases over time. This type of insurance is funded by the premium payments done by the insured along with the earnings of the saving element in the policy. These insurance policies are of two types: straight life policy and a limited payment policy that provides coverage to the insured throughout life.

Straight life insurance: the insurance is throughout life. In this type of insurance, the amount of protection decreases as the savings amount increases, though the total coverage of the policy that includes the protection and savings elements remains the same. The premium in these policies is higher than the term insurance which is based on the age of the individual when he or she buys insurance. The premium for this policy remains constant. The face value of insurance refers to the amount which is paid when the insured person dies.

Limited payment life insurance: in this type of policy the insured person pays the total amount of policy in a limited number of years, that is, usually 20 to 30 years or by the age of 65. After the completion of the term, the policy remains active for the whole life of the insured if he or she has not withdrawn the amount at any point in time. The amount of premium to be paid every year in this policy is obviously higher than the straight life policy.

1. Post Office Savings Account

The post office savings account is one of the schemes that the Post Office offers. This post office savings scheme is available throughout India. Furthermore, the post office savings account offers a fixed interest rate on the deposit amount. Hence, the post office saving scheme is suitable for individuals seeking to earn fixed returns from their investments. One can open a savings account in post office with as low as INR 20.

This post office saving scheme is quite popular in the rural parts of India. The Central Government decides the rate of interest for the post office savings account. Often, the rates are similar to the bank savings account. The post office saving account has an interest rate around 4%, and the interest is calculated every month. Also, as per the Income Tax regulations, interest amount less than INR 50,000 per annum is tax-free in the hands of the depositor.

Furthermore, depositors can withdraw the deposits anytime they wish. However, they have to maintain a minimum balance of INR 50 in a generic account and INR 500 if they have a cheque facility. Also, the post office savings account can be easily transferred from one post office to the other.

2. Post Office Recurring Deposit Account (RD)

5 Year Post Office Recurring Deposit (PORD) Account allows investors to save on a monthly basis. The interest is compounded on a quarterly basis. This post office small savings scheme has a total of 60 monthly instalments. Post Office RD is suitable for individuals who wish to save through regular monthly deposits. The post office savings interest rates for this scheme is 5.8% per annum. Investors can estimate their returns from RD investments using [RD calculator](#).

The minimum amount of investment is INR 10, with no cap on the maximum amount. All resident Indian nationals above the age of 18 years can open an account with the post office. Also, minors who are ten years old can open and operate the account jointly with their guardian. Furthermore, parents or guardians can open the account on behalf of their minor children.

One cannot prematurely withdraw their post office RD investments. However, in case of emergencies, one can break the RD. This comes with a penalty of INR 1 for every INR 100 investment. The RD account has a

minimum lock-in period of three months. Also, if the premature withdrawal is made before three months, no interest is given. The depositors will only get back their principal amount.

3. Post Office Time Deposit Account (TD)

Post Office Time Deposit (POTD) Account is one of the most popular post office savings schemes. The interest rates are determined by the Finance Ministry every quarter. The rates are based on the yield of government securities and spread over the government sector yield.

Investments in a post office fixed deposit account have a minimum requirement of INR 1,000. One can open a TD account for any of the following tenures; one year, two years, three years and five years. Also, depositors can opt for reinvestment of the interest. However, this option is not available for one year TD. Additionally, one can also choose to redirect the interest to a five-year recurring deposit scheme.

Time deposits can also be transferred from one post office to the other. Also upon maturity, if the depositor doesn't withdraw, then the amount will be reinvested for the initial tenure of the deposit at the new applicable interest rates.

Investments in the post office fixed deposits qualify for a tax deduction in Section 80C of the Income Tax Act. Investors can claim tax benefits up to INR 1.5 lakhs per annum. They can claim the tax benefit when they file income tax returns.

4. Post Office Monthly Income Scheme Account (MIS)

POMIS is a low-risk investment scheme that offers regular monthly income to the depositors in interest payments. The Government of India backs POMIS. The interest rates are announced every quarter. The current rate of interest is 6.60% (for January – March 2021 quarter). POMIS has a lock-in period of five years. Upon maturity, the depositor can choose to either withdraw or reinvest the entire amount into the scheme.

The minimum amount for POMIS is INR 1,500, and the maximum limit is INR 4,50,000 per individual.

However, for joint holding, the maximum limit is INR 9,00,000. Also, one can transfer their POMIS account from one post office to another. Furthermore, this post office savings scheme allows premature withdrawals post one year of account opening. However, these premature withdrawals have penalties.

5. Senior Citizen Savings Scheme (SCSS)

Senior Citizens Savings Scheme (SCSS) is a post office savings scheme suitable for senior citizens. The Government of India backs it. The post office saving scheme offers regular income as well as safety for depositors. The regular income is in the form of interest payments. The interest is calculated every quarter and credited to the investor's account. The interest rates are revised every quarter. The SCSS interest rate for the current quarter is 7.40% (January – March 2021).

The minimum investment amount is INR 1,000 and a maximum of INR 15,00,000. This post office savings scheme has a five year lock-in period. Additionally, investors have an option to extend the scheme duration for another three years. Investments into SCSS qualify for tax exemption under Section 80C. However, the interest income is taxable. Also, TDS is deducted if the interest is more than INR 50,000.

Furthermore, SCSS allows investors to withdraw their investments prematurely. However, these withdrawals are subject to certain penalties. The penalty varies on the basis of the tenure of the account. Only after one year of account opening, the investors can prematurely withdraw their investments. For withdrawals within two years, a penalty of 1.5% on the investment amount is charged.

Also, for withdrawals after two years of account opening, the penalty is 1% on the deposit amount. In case of death of the depositor before the account maturity, the account shall be closed. The proceeds from the account will be given to their nominee or heir.

6. Public Provident Fund Account (PPF)

[Public Provident Fund \(PPF\)](#) is a post office savings scheme launched by the National Savings Institute in 1968. The scheme guarantees returns as the Government of India backs it. For the current quarter (January 2021-March 2021), the PPF interest rate is 7.1%. The Ministry of Finance revises the [PPF interest rates](#) every quarter. The scheme pays interest annually on 31st March. However, the interest is calculated every month on the minimum balance from 5th to 30th of every month.

PPF investments have a fixed tenure of 15 years. Once invested, the investment is locked-in for a tenure of 15 years. However, investors can do partial withdrawal of their investments. Investors can withdraw at the end of 5 years. They can withdraw only 50% of the balance of the preceding year or end of 4th year. Investors can opt for premature closure of their PPF account with a penalty of 1%.

However, the premature closure of PPF accounts is only allowed in certain conditions. One can also take a loan against their PPF investments between the 3rd and 5th year, and the terms of the loan are subject to change from time to time.

Investment in PPF is eligible for tax rebate under Section 80C of the Income Tax Act, 1961. Investment up to INR 1.5 lakhs can be claimed as tax benefits. Investors can claim the tax deduction while filing their income tax returns. Moreover, the interest and maturity amount is entirely tax-free as PPF falls under the EEE (Exempt – Exempt) category.

7. National Savings Certificates (NSC)

[National Savings Certificate \(NSC\)](#) is a small savings scheme that encourages savings among low income and mid-income groups. This post office scheme is a Government of India initiative, and hence the returns are guaranteed. The interest for the current quarter (January 2021-March 2021) is 6.8%. This fixed income savings scheme has a tenure of 5 years.

Hence the lock-in period is also five years. The interest is automatically reinvested back into the scheme. The investors will receive the investment and interest amount upon maturity.

Investors can invest in NSC with an amount as low as INR 100. Only eligible investors can invest in NSC.

Resident Indians are the only category who are eligible to invest in NSC. HUFs, NRIs and trusts cannot invest in NSC. One cannot withdraw their NSC investment prematurely except in case of death of the investor.

However, one can always take a loan against their NSC investment.

Investment in NSC is eligible for tax deduction under Section 80C of the Income Tax Act, 1961. Investors can claim up to INR 1.5 lakhs as tax benefits while filing their income tax returns. The interest that is reinvested is eligible for a tax deduction as well. No TDS is applicable on interest. However, the investors have to pay income tax on the interest income at the end of 5 years.

8. Kisan Vikas Patra (KVP)

Kisan Vikas Patra (KVP) is a small savings scheme introduced for farmers. However, the scheme is extended to all residents of India. This post office savings plan guarantees income in the form of interest. The scheme pays a fixed interest of 6.9% (January 2021-March 2021) per annum. The interest rates are revised every quarter—investment in this scheme doubles in 124 months (10 years and two months).

Investors can invest with an amount as low as INR 1,000 in this scheme. And there is no limit on the maximum amount that one can invest. Indian citizens aged 18 years and above can invest in KVP schemes at any local post office. Investments beyond INR 50,000 require a PAN card as proof. And for investments beyond INR 10 lakhs, investors have to submit income proofs.

The scheme has a lock-in period of 30 months, and investors cannot withdraw their investments during this time period. However, post the lock-in period, investors can withdraw their investments in intervals of 6 months.

Investment in KVP is not eligible for tax deduction. Moreover, the interest income is taxable too. To estimate their tax liability, investors can use Income Tax Calculator.

9. Sukanya Samriddhi Accounts (SSA)

Sukanya Samriddhi Yojana (SSY) is a Government of India initiative that supports the ‘Beti Bachao, Beti Padhao’ campaign. This post office savings scheme was launched in 2015 to promote girl child education and marriage. It is a fixed income scheme that guarantees returns in the form of interest. For the current quarter (January 2021 – March 2021), the interest rate is 7.6%. The interest is revised on a quarterly basis. To estimate the returns that one can earn from this scheme, they can use the Sukanya Samriddhi Yojana Calculator.

Parents or guardians of a girl child can invest in this scheme on behalf of the girl before 10. Only resident Indians can invest in this scheme. The scheme matures when the girl turns the age of 21.

The scheme allows investments only until the age of 15. The minimum investment is INR 250, and the maximum investment is INR 1,50,000 per annum. The scheme allows only one account per girl child and two accounts per family. In the case of twins, the number of accounts allowed is three.

No premature withdrawals are allowed until the scheme matures. However, the few exceptions are when the girl unfortunately dies or is fighting a life-threatening disease. At the age of 18, 50% of the amount can be withdrawn for the purpose of higher education. Investment in SSY qualifies for tax exemption under Section 80C of the Income Tax Act, 1961.

Investors can claim a tax benefit up to INR 1.5 lakhs per annum. They can claim the tax benefit when they file an income tax return. Moreover, the interest and maturity amount is also free from tax as this scheme falls under the EEE category.
