## **DEPARTMENT OF ECONOMICS**

### **BEST PRACTICE**

**Title: Creating Awareness of Contemporary Economic Issues**

#### Objective:

To raise awareness among students and the community about contemporary economic issues.

To facilitate informed discussions and promote economic literacy through live budget sessions and budget talk programs.

#### Context:

In today's rapidly changing economic landscape, it is crucial to equip individuals with a comprehensive understanding of economic challenges and opportunities. This initiative is designed to address this need within our institution and the wider community.

#### Evidence of Success:

Our initiative has demonstrated its effectiveness through clear indicators. The quality of discussions during live budget sessions has noticeably improved, showcasing a deeper understanding and heightened interest in contemporary economic issues. This heightened engagement is a clear testament to the success of our program in raising awareness about pertinent economic matters.

#### Problems Encountered:

One major challenge has been securing guest speakers for the budget talk programs. Additionally, technical issues during live sessions have occasionally disrupted the flow of discussions, requiring swift troubleshooting.

#### Resources Required:

To sustain and expand this initiative, we require additional funding for guest speaker invitations and technical upgrades. This includes audio-visual equipment and a dedicated technical support team.

#### Further Scope:

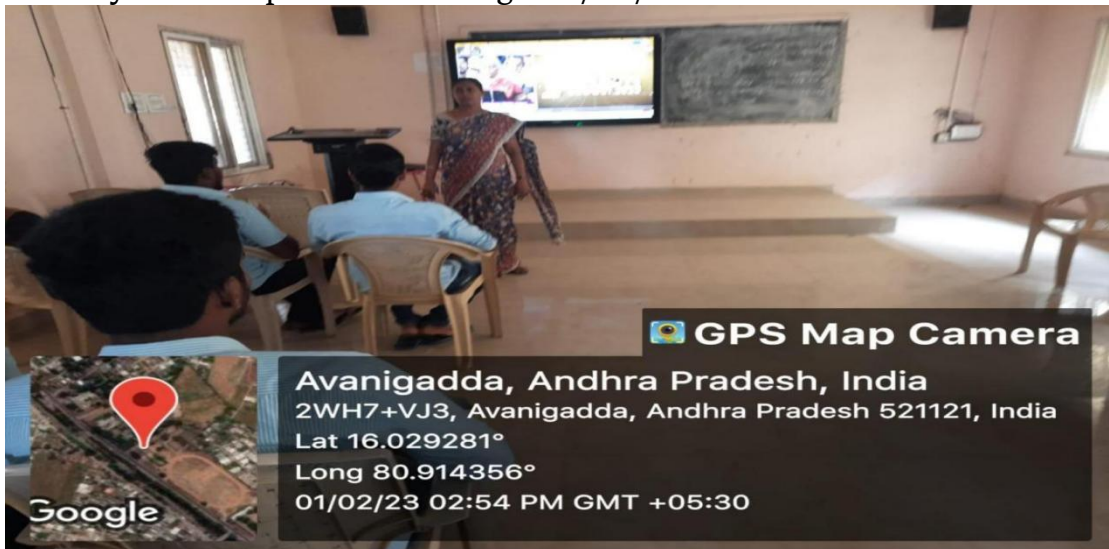

The success of this initiative suggests the potential for further expansion, such as offering online webinars to reach a broader audience. Collaborating with local experts and organizations can also enhance the quality and diversity of our programs.

In summary, our initiative to create awareness of contemporary economic issues through live budget sessions and budget talk programs

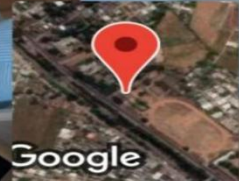

has been successful in improving economic literacy. While we have faced challenges, we believe that with adequate resources and a broader scope, we can continue to make a positive impact on our community.
