SELF ✨ PORTRAIT

an activity for cadets where they are asked to decipher themselves- their strengths, their weaknesses, vision for the future, path they would take to achieve and become - basically looking inward and into their own personalities.

Since it was my first time going out of the state to attend a camp I was quite excited and had lots of expectations as well. As the main objective of the ALC camp was to prepare and train the cadets for better leaders of the society and nation and also to clear the

Service Selection Board (SSB) examination , lectures were given by many eminent officers and ANO's of different Directorates on different topics such as Leadership, Personality development , Woman empowerment, Team building , Creative thinking, RTI etc .. Interactive Discussions were also held during the lecture sessions which made the cadets more active and eager to learn more. We were also given an overview of SSB and got the opportunity to experience how SSB examinations were held . Psychological test , writing and thinking skills where 15 to 20 different slides of sketches were shown for 15 sec each and we had to make out a story and write it in 90 sec was fun and interesting at the same time , group discussions were taken which gave us a more clearer view on how one should prepare themselves if they want to clear the SSB examination. We were also told that we should always be truthful to ourselves and that there is no short-cut to success.

Besides all the lecture classes and discussions the best so far was the competitions held. Competitions such as the Debate, games and cultural competitions were held where our kakinada group 1st position in the Tug of war Competition. which was a proud moment for us . These competitions gave all the cadets a really good experience and comrades , exchanging and learning each others culture and traditions .

As everything comes to an end , the Advance Leadership Camp also came to an end . Taking all the

good qualities taught during the camps and the memories made, with heavy hearts we bid each other goodbye hoping to meet in the near future.
